

SANTA RITA TAKEN WITHOUT FORCE

Gen. MacArthur Experienced Little Difficulty.

MARCH THERE FROM CALULET A DIFFICULT ONE.

Much of It Was Through Fields That Had Broom Ponds—A Number of Men Became Exhausted—Scouting Party of Iowans Under Lieut. Hazard, Are Attacked by Insurgents—Strong Reconnoitering Bodies Have Examined the Country North of San Fernando—Otis Sends News.

Manila, Aug. 12.—[Special]—Gen. MacArthur took Santa Rita yesterday without opposition. His force consisted of the Ninth regulars, a battalion of the Twenty-second and a part of the First Artillery.

The march from Calulut to Santa Rita was attended with great difficulty, much of it being through fields that had broom ponds and a number of the men became exhausted.

A scouting party of Iowans under Lieut. Hazard were attacked by the insurgents yesterday. Hazard sent for reinforcements but was ordered by Gen. Wheaton to retire.

Washington, Aug. 12.—The war department has received the following cablegram from Gen. Otis:

"Manila, Aug. 12.—Adjutant-General, Washington: MacArthur has taken possession of Santa Rita, reconnoitered Berac, Angeles and other points. Insurgents driven north. One casualty yesterday, none to-day. Condition of roads makes movements of troops difficult, but considered necessary to open up this section of country, as it virtually gives control of the province of Bataan and relieves inhabitants there. 'OTIS.'"

Manila, Aug. 12.—Gen. MacArthur's troops remained last night at Calulut. The rebels had evidently fled far beyond rifle range, for the American outposts were not disturbed, and not a shot was fired during the night. At daybreak a reconnoitering party, consisting of a battalion of the Seventeenth infantry, with one field piece, started up the railroad track toward Angeles, four miles north. The party approached within 1,200 yards of the town, and opened fire with the field gun. The Americans were received with a badly directed rifle fire, which the battalion of the Seventeenth returned with a few volleys.

The strength of the insurgents at Angeles not being known the situation was reported to Gen. MacArthur, who did not desire to send reinforcements, and directed the reconnoitering party to return, unless the rebels abandoned the town. Soon after the receipt of these orders it became evident that the rebels had set fire to the town and fled, leaving the place to be occupied by the Americans.

A battalion of the Twelfth infantry also was sent on a reconnoitering expedition toward the west; but up to noon no firing had been heard in its direction, and no word had been received from it at Gen. MacArthur's headquarters, and it is believed it encountered nothing. Everything indicates that all the rebels have scattered for miles in every direction around Calulut.

The insurgents lost heavily in the fighting around Calulut. It is believed a hundred were killed and three or four hundred wounded. The Iowa regiment killed thirty in one place, and one company of the Seventeenth suddenly encountered a party of rebels in a trench and killed twelve. The American loss was five killed and thirty-one wounded, including three officers.

The attack was a complete surprise to the insurgents. The Americans maintained almost a perfect line four miles long through canebreaks where they could see nothing ahead. The mud in places was knee deep in the rice fields and jungles, and through the ditches flowed small rivers several feet deep.

The Filipinos tried to ambush the Americans several times, the country in the neighborhood being well adapted to these tactics; but the troops stopped for nothing, forcing their way through or over obstacles and firing whenever they could see the fleeing enemy. The officers highly commend the recruits of the various regiments.

There is reason to believe the reports recently received that the insurgents are short of ammunition, as well-informed natives at Calulut say the insurgents had only forty rounds of ammunition each and that five pounds extra were issued just before the fight.

Since the American occupation of San Fernando the rebels have torn up three miles of railroad between there and Calulut and it is impossible to get the armored car more than two miles beyond San Fernando.

Old Blockade Is Approved. Hongkong, Aug. 12.—The closing and blockade of ports of the Philippine islands, by order of Gen. Otis, is approved here as a wise and necessary

war measure, although it will interfere seriously with the trade of the merchants of this city. The burning of the steamer on Saturday last caused the order closing the ports to be issued. The insurgents have been obtaining money, rice and arms from vessels.

THE STORM CENTER REACHES JUPITER

SO REPORTED AT WEATHER BUREAU AT NOON.

Heavy Wind Reported From the Florida City This Morning.—Signal Flags Hoisted as Far Up the Coast as Charleston, S. C.—Caution Vessels To Look Out.

Washington, Aug. 12.—[Special]—The advance guard of the West Indian hurricane is believed to have reached the Florida coast. A heavy wind is reported from Jupiter, Florida, this morning.

Washington, Aug. 12.—[Special]—At noon the weather bureau stated that the storm center had reached Jupiter, Florida.

It hoisted signals as far up the coast as Charleston, S. C., cautioning vessels to look out for high winds and a high sea.

MENACE TO GREAT BRITAIN.

Amended Treaty Between France and Russia Directed at Her.

Paris, Aug. 12.—The amended Franco-Russian treaty is said to deal with the closer relations of the two countries and to practically form a defensive alliance against Great Britain. Russia enters Slavia with an accredited diplomatic agent and with France is completing details for advantageous relations in Slavia.

It is generally admitted that France and Russia are marching hand in hand with the oriental question and seek to control the far east, from China to India.

FORESTERS ADOPT NEW SCALE.

Sheboygan, Wis., Aug. 12.—The high court of the Independent Order of Foresters adjourned Friday to meet at Chicago next year. The night was devoted chiefly to the discussion of the assessment law, in which a number of changes were made, marked by much animation and bitterness by the delegates. The result was the adoption of a sliding scale, which it is expected will be more satisfactory.

COUNTERFEITERS ARRESTED.

Marion, Ind., Aug. 12.—A gang of counterfeiters was arrested Friday by Sheriff Bradford, at Fairmont fair. Those in the party were Jim Sherwood, Charles Daniels, alias Charles Downs, and Alice Robertson. The gang was working the county fairs and was doing a large business conducting a refreshment concession and passing the spurious coin in change to customers.

ANOTHER CAR BLOWN UP.

Cleveland, O., Aug. 12.—At 11:15 p. m. Friday a Euclid avenue car was blown up on Case avenue, fifty feet south of Euclid avenue, at a point directly in front of St. Paul's Episcopal church. The car was well filled with passengers, who were shaken up, but beyond slight bruises and cuts none of them were injured. The shock was so violent that even the wheels of the car were broken.

GOV. TANNER ASPIRES AGAIN.

Leadville, Colo., Aug. 12.—John R. Tanner will be a candidate for renomination as governor of Illinois. This statement was made here by John T. Peters of Springfield, secretary of the Illinois state board of charities. Mr. Peters arrived here with the governor, and as he has been with the latter during his northwestern trip, it is presumed that he "speaks by the card."

STONE IS A BRYAN MAN.

St. Louis, Mo., Aug. 12.—The statement is made by Vice Chairman of the National Democratic Committee William J. Stone that he is for Bryan for president. He said: "I have always been for Mr. Bryan and expect to remain so. I think there is not a shadow of doubt about his nomination by the next democratic national convention."

STEAMER INDIANAPOLIS SAFE.

Seattle, Wash., Aug. 12.—Fear for the safety of the Klondike steamer Indianapolis, which has twenty-three gold seekers on board, are apparently unfounded. Persons arriving here from St. Michael's report that when they left there she was anchored in the harbor alongside the steamer Illinois.

JOHN Y. MCKANE IS VERY ILL.

New York, Aug. 12.—John Y. McKane was stricken with sudden illness last night. Dr. John F. Hill, his physician, was called, but he declined to give out any information concerning the nature of the illness of his patient.

ENLISTMENT OF VOLUNTEERS.

Washington, Aug. 12.—The enlistments Friday were 361, making a total of 12,158. Five regiments are now completed, the Twenty-sixth, Twenty-seventh, Twenty-eighth, Thirtieth and Thirty-first.

GERM KILLERS.

It has been shown by Koch and others that soap is a microbicide, or germ killer, and, according to Prof. Serafini, soda or potash soap is quite a good disinfectant, not only because of the alkali, but the combination itself. Heating the water favors the effect. Resinous soaps are not the best disinfectants. Marseilles soap is very good. A solution of 3 or 4 per cent kills most resisting microbes.

THE LATEST NEWS FROM BADGERDOM

RACINE LIFE SAVING CREW SAVE TWO CHICAGOANS.

Woman's Skirt Found on the Beach at Kenosha, with a Note Attached—David Vincent, an Alleged Green Bay Murderer, Secures Bail—Portage Boy Missing.

Racine, Wis., Aug. 12.—The sail yacht Dorothy, having on board Mr. and Mrs. Fred Mitchell and G. Dickinson of Chicago, narrowly escaped being lost on Lake Michigan. The Dorothy was recently purchased by Chicagoans, and was being sailed to Chicago. When off Kenosha the boat was caught in a storm. With great difficulty they managed to sail the boat to a point off this port. The tug and life saving crew went out, and Mrs. Mitchell and Mr. Dickinson were taken off by the crew, while Mr. Mitchell and the life savers brought the yacht to port. The boat sustained some damage.

CHARGED WITH ABDUCTION.

Rhineland, Wis., Aug. 12.—A. C. Corning, representing to be the agent for a Chicago fruit commission house, is in jail on a charge of abduction. Corning came here ten days ago in company with a girl about 15 years of age and rented a house in the Sixth ward. Parties from Michigan stated that the man was not the girl's father.

Officers called at the house yesterday. The girl was questioned and said that the man was not her father and that he compelled her to live with him.

Corning was taken before Municipal Judge Brown for his examination and the case was adjourned for ten days during which time his record will be looked up.

MYSTERY AT KENOSHA.

Kenosha, Wis., Aug. 12.—Yesterday two boys found, on the lake shore, a woman's skirt, with a note pinned to it, saying that the writer had been made to do hard work by her parents, and that she had tired of life. There was no name signed, and nothing could be found to show who the writer was. The whole thing was regarded as a fake. Later on rumors of a suicide spread, and it was said that persons living in the vicinity had seen a strange woman walking up and down the shore near the spot where the skirt was found. Nearly all interest in the matter has ceased, and the entire story is discredited.

LOOKING FOR RUNAWAY COUPLE.

Pewaukee, Wis., Aug. 12.—Two men in a carriage made inquiries yesterday concerning a runaway couple. They described the man as about 30 years old, 6 feet in height, light mustache; the woman about 40 years of age and well dressed. It was thought that the couple had stopped at this point, secured a boat and roved across the bay. The two men said they had followed the pair for 600 miles, averring that they would continue the chase until they had run them down, and offered \$50 for information that would lead to their apprehension.

WILL PLEAD GUILTY.

Racine, Wis., Aug. 12.—Harry Reed, the pickpocket who narrowly escaped being lynched at the Modern Woodmen picnic at Union Grove, Thursday, was arraigned before a justice of the peace yesterday and waived examination. He was held to the municipal court. He will plead guilty tomorrow and receive his sentence. Reed insists that he is a novice at the criminal business and considers himself lucky in coming out of the affair alive. He states that if the mob had a leader that they would not doubt have pounded him to death.

DAVID VINCENT SECURES BAIL.

Green Bay, Wis., Aug. 12.—David Vincent is out on bail. The 20-year-old youth, who is charged with the murder of 60-year-old Charles Otto four months ago, walked out from the shadows of the jail walls shortly before 6 o'clock last evening, after four months of close confinement. The bail is \$1,500 and is furnished by James S. Martin and Camille Delmarcelle. Judge Hastings had previously fixed the bail at \$3,000, but this amount was reduced upon application of Vincent's attorney.

STRANGER KILLED NEAR HUMBOLDT.

Humboldt, Wis., Aug. 12.—The body of a man, 24 years of age, was found on the Omaha track, three miles west of here last night. Evidently he had been struck and run over by a train. He was medium sized and dark complexioned. There was on his right arm, below the elbow, a tattoo mark representing a woman between what seems to be two flags.

BURGERS ROB A FARMER.

Appleton, Wis., Aug. 12.—George Putney, a farmer residing near the city, reported yesterday afternoon the theft of \$200 in coin and a \$25 watch and chain. The robbers entered the house through a window and succeeded in escaping without awakening anyone. The money was in a purse in Mr. Putney's sleeping room and the thieves went through his clothing.

WISCONSIN PENSIONS GRANTED.

Washington, D. C., Aug. 12.—Original—Daniel Zahner, Winchester, \$8; John Hansen, Milwaukee, \$6. Increase—James H. Booth, Shiocton, \$6 to \$12; Ed. B. Warrendorph, Mount Morris, \$14 to \$17; Frederick Heup, Milwaukee, \$6 to \$8; Robert T. Foster, Emerald, \$6 to \$10; James C. Watson, Berlin, \$6 to \$8. Reissue and Increase—William Mehring, Port Washington, \$6 to \$12.

PUBLIC SESSION RESUMED TODAY

Dreyfus Courtmartial Attracts Crowd.

ATTENDANCE MUCH LARGER THAN ON MONDAY.

Appearance of the Prisoner Causes Rustle of Murmur in the Audience—Enters with More Assurance Than at Last Public Session—Recognized Paper Found in His Pocket at Devil's Island as a Copy of the Bordercau, Which He Made in Order to Familiarize Himself with the Charges Against Him.

Rennes, France, Aug. 12.—[Special]—The Dreyfus courtmartial resumed its public session at 6:30 o'clock this morning.

The attendance is much larger and the expectation keener today than at Monday's session. The front seats of the hall are full of invited guests, and the space allotted to the public is densely packed.

ARREST AN AGITATOR

Paul De Roulede Imprisoned At Paris As Result of Government's Inquiry Into Royalist's Plot.

Paris, Aug. 12.—[Special]—Paul de Roulede, an agitator was arrested this morning as a result of the government's inquiry into his connection with the royalist plot, recently exposed.

Several others were arrested here today. De Roulede and the other prisoners are charged with plotting to overthrow the government.

It is stated officially that Deroulede and the others who conspired to overthrow the government at the time of Faure's death, were preparing for another coup, which was discovered in time to frustrate it by today's arrests.

FORECAST OF WEATHER

Chicago, Aug. 12.—[Special]—Forecast for Wisconsin:

Fair tonight, Sunday cooler.

NEATH THE SHADOW OF DEATH.

Luke Welch.

Luke Welch, who formerly resided in Janesville, and is well known to the people of this city, passed away at 4 o'clock yesterday afternoon at his home in Beloit. The cause of his death was heart disease, from which ailment he had suffered for three years, but it took a serious turn for the worse two days before death claimed him. Mr. Welch had reached the sixty-third milestone of his earthly pilgrimage. He moved from this city to Beloit about three years ago. He leaves a widow and four children, one boy and three girls, Charles E. Welch, Misses Nettie, Gertrude and Agnes Welch, all of Beloit.

The funeral services will be held at St. Thomas' church, Beloit, tomorrow afternoon. Rev. Father J. M. Ward will officiate, and the interment will be in the Catholic cemetery in that city.

WILLIAM JOHN FROTT.

Funeral services over William John Frott, infant son of Mr. and Mrs. John Frott of the town of La Prairie, were held at St. Mary's church this morning at 10 o'clock. Rev. Father Rivers officiating. Interment was made at Beloit.

DUTCH ACT FOR THE TRANSVAAL.

Amsterdam, Aug. 12.—The wave of sympathetic indignation at Great Britain's pressure on the Transvaal republic which is sweeping over Holland has reached Amsterdam. Signatures are being secured in this city, as elsewhere throughout the Netherlands, to what will be a monster petition to the British government—an appeal not to interfere by force or threat of force in the internal order of the South African Republic.

STORM ALONG FLORIDA COAST.

Jacksonville, Fla., Aug. 12.—The storm raging in the West Indies is centered near Nassau and moving northwest. It is reported, but not confirmed, that Miami, Fla., has suffered extensive damages. Heavy gales are predicted along the Florida coast.

WATCHING FOR THE STORM.

New York, Aug. 12.—The West Indian cyclone that wrought havoc in Porto Rico Tuesday had not made its influence felt on any part of the Atlantic coast at 8 o'clock Friday night, the hour of the general observation.

FRANCE EXPELS AN AMERICAN.

Paris, Aug. 12.—An American named Black, who has been residing in Epinal, capital of the department of Vosges, has been expelled from France on suspicion of espionage. Ostensibly he dwelt in photographs.

STREET CAR FALLS INTO RIVER.

Merrill, Wis., Aug. 12.—A street car ran off the Prairie street bridge Friday, dropping into the river, twenty feet below. The car was wrecked, and four passengers and the motorman, injured, none fatally.

AGE OF CROCODILES.

Crocodiles, like ostriches, swallow pebbles and small stones, which serve the purpose of grinding their food. The natives assert that it is possible to tell the age of a crocodile by the number of stones in his stomach, for they swallow one each year. In point of fact, fifteen stones have been found in the stomach of a crocodile twelve feet long, whereas the average number of younger ones varies between four and eight.

Original Widows, etc.—Rosetta Parson, Sharon, \$12.

Portage Boy Missing.

Portage, Wis., Aug. 12.—Perry, a 12-year-old son of Mr. and Mrs. Henry Forbes, has been missing since Saturday. He was working on the farm of John Eggleston in Lewiston, he left saying he was going to Portage to spend Sunday with his parents. The last seen of the lad was at Kilbourn, Sunday. He wore a straw hat and corduroy knee pants.

Dane County Farmer's Severe Loss.

Stoughton, Wis., Aug. 12.—During a storm yesterday afternoon, Hans Bergum, a farmer residing near the city, met with a serious loss, his barn being struck by lightning and burned. It was filled with hay, straw and grain and contained all his farm machinery. A horse was also burned.

RECEIVED WITH MORE CHEERS

Casimir-Perier arose and said: "I will testify again at the next session." This was received with more cheers. The court at this point adjourned.

There was an ominous silence when Mercier stepped down in a faint, and hisses were heard. The crowd began to hoot and pressed forward as if to mob Mercier. He was escorted outside by the soldiers amid angry cries from the crowd.

FOREIGN CAPITAL IN SPAIN.

There is much French and Belgian capital invested in the principal railway lines of Spain, while England owns many of the shorter lines and is also at the head of the mining interests.

In point of fact, fifteen stones have been found in the stomach of a crocodile twelve feet long, whereas the average number of younger ones varies between four and eight.

W. P. R. OBSERVES
SIGNS OF THE TIME

PREDICTION BASED ON SCAR-
CITY OF PIG IRON.

Says So Much Depends Upon the
Iron Industry, That a Compulsory
Shut-Down of the Manufacturers
for a Lack of the Product Would
Cause a General Panic.

To the Editor:—Now that we are in
the midst of "prosperity", it behooves
the optimist to have a weather eye open
to observe the "signs of the times." In
the great political affairs of this country
we know that the pessimist belongs to
the "Tory" element who from the start
did not do well their part in helping to
establish our freedom, therefore it seems
to me to be unwise to be a pessimist.
The early politics of our country were
founded upon common sense, but alas,
in these closing days of the century we
have to acknowledge that the pseudo-
nym scientists are allowed too much
power.

What is science? Professor Huxley
formulated the best definition I know of,
which is: "Science is trained and organ-
ized common sense." The ancients, es-
pecially the tribe of Issachar, according
to scriptures, displayed their science
(practical common sense) 1st Chron. 12
-32, because they observed the "signs
of the times" and thus were able to fore-
tell coming events from their under-
standing how to read those signs from
observing the planets. Having a desire
to be scientific the writer of this has for
many years had opportunities to ob-
serve somewhat the practical workings
of the science of astrology, and is still a
student along lines of proving predic-
tions made by the experts in astrology.

Soon after the present administration
were claiming the glory of "PROSPER-
ITY," we happened to meet one of those
"star-readers," (Prof. Fred White of
Minneapolis) and queried him as to the
duration of our good times. His reply
was, we as a nation will "get it in the
neck," and before this year is passed we
will begin to feel its effects on the
markets and finances, and gave as a
reason that a certain planet which is the
governing one of the United States was
to be afflicted in some way which would
cause "hard times."

I notice in the August number of the
Adept, the same professor in an article
on indications for September, predicts
the death of some eminent person dur-
ing September (probably a noted politi-
cian) and closed his September predic-
tions with giving, in substance what
he gave me early last winter, the begin-
ning of hard times in October and No-
vember, 1899.

In another article I read, in the July
23rd number of Literary Digest written
by a Mr. Hull, a close observer of
finances and panics, in which he sets up
the idea of hard times to come in the
near future, basing his predictions on
the scarcity of "pig iron," the price of
which has more than doubled within a
few weeks previous to his writing his
article in the spring. He proves his
predictions by giving the fact of there
having been five financial panics since
1845, each, and every one of which were
preceded by a scarcity of pig-iron, when
the price of that commodity increased
in price from one hundred to three hun-
dred per cent. in a few weeks' time.

Now we are in the midst of "good
times," the people are in a happy mood,
nearly everybody having any ambition
is planning how to invest a little money
and get great gains. It may be well
even for an optimist to have an eye
out and observe the "signs of the times,"
for, so very much depends upon the
great iron industry of the nation, that
a compulsory shut down of the manu-
facturers because they cannot get the
"pigs" to supply their factories will
cause a general labor panic.

In observing the "signs of the times"
it is quite proper that we know that the
reason for the shortage of "pigs" in the
iron trade is due to their not being
"smelters" of iron ore nearly in propor-
tion to the demands of the market, and
it takes such a large amount of money
to start a plant of that kind, that only
the rich, and the syndicates can start
one going, and then it takes a long
time to get one in operation. And once
while the country is amply sup-
plied with iron ore, well placed favor-
ably to nearly all parts of the country,
with coal and other
elements which enter into mining and
smelting ores, that the supply of ores
(the mines) have been gobbled up by

LACE TRIMMED MUSLIN GOWN FROM HARPER'S BAZAR

The accompanying cut represents a
white lawn gown with knife pleated
waist and triple knife pleated skirt. The
bands are of sheer black lace insertion,
and the ruffles are finished with black
lace edging to match. Black insertion
and lace finish the plain lawn sleeves,
and the standing collar is of white

mousseline de soie. A wide fancy col-
lar of russet guipure is held together by
a tie of old rose lawn. The belt is
white and the costume is completed by
a white parasol with pink moire bands,
and a Leghorn hat trimmed with differ-
ent shades of red and pink carnations
and tied with black velvet strings.

the rich and syndicates, so that only
they, can supply pig iron, and they no
doubt can make their millions quicker
by keeping the ore in the mines than to
invest them in starting new plants for
smelting "pigs" from the ore in quanti-
ties, sufficient to not ever allow "pig
iron" to fluctuate to any greater extent
than do other staple articles. Therefore
if the present scarcity of those "iron
pigs" brings us another panic it may be
appropriate to ask God to regulate His
planets so that selfish man cannot place
"thumbscrews" on the masses, by keep-
ing the time locks on old rather nature
in the hands of the money power and
syndicates.

Do not be a pessimist, but never for-
get the science of common sense.

AUTOMOBILE GUN CARRIAGE

Being Constructed for Highland Park
Military Academy.

An automobile gun carriage upon
which a Colt's automatic rapid firing
gun will be mounted, is now being con-
structed in Peoria, Ill. It is being made
to the order of Major Davidson of the
Highland Park Military academy. The
carriage will be a three-wheeled affair.
There will be seats for four men who
will constitute the crew, and provision
for at least 1,000 rounds of cartridges.
The whole concern is expected to weigh
about 1,000 pounds. The carriage is
designed principally for use in suppress-
ing mobs and riots on city streets. Ma-
jor Davidson will run it overland from
Highland Park to Washington, where
an endeavor will be made to interest the
army officers in the mount.

THE BUSINESS DIRECTORY

THERE are a number of hotels in the
city, but only one Riverside Hotel.
Every accommodation. Prices reason-
able.

For plants, cut flowers, decorations,
wedding and funeral work, sheaves of
wheat call at Rentschler Bros., 214
South Main St. Tel. 171, both lines.

Special G. A. R. Excursion to Philadel-
phia.

Via Lake Shore & Michigan Southern
R'y. Tickets on sale Sept. 1st to 4th
inclusive, at low rates. Final return
limit Sept. 30th. Optional routes. Stop-
over privileges. Circular of information
on application to J. R. Hurley, T. P. A.,
No. 400 East Water Street, Milwaukee,
Wis.; F. M. Byron, G. W. A., Chicago,
A. J. Smith, G. P. A., Cleveland.

Builds up muscular flesh, healthy tis-
sue. Rich, red blood, clears the stom-
ach, kidneys, and liver. That's what
Rocky Mountain Tea will do. Smith's
Pharmacy, Kodak Agents.

SOLDIERS' ANNUAL REUNION

Will Be Held at Beloit, Wednesday,
August 23.

The Rock County Soldiers' and Sail-
ors' association will hold its annual re-
union in Beloit on Wednesday, Aug-
ust 22.

The Daily News says:
Arrangements are being perfected to
make this the most successful annual re-
union in the history of the association.

Among those who have accepted in-
vitations to be present are Gov. Edward
Scofield, Department Commander Gen.
Henry Harnden and members of the
staff; Ex-Department Commander Col.
E. B. Gray and several others.

Secator J. M. Whitehead will deliver
the annual address, and speeches will be
made by Gov. Scofield, Gen. Harnden,
Cal. Gray, Mrs. W. H. Grinnell and
others.

The Ladies' Quartette, the Beloit City
Band and the Drum Corps will furnish
fine music.

Every effort will be made to make the
occasion one of unalloyed enjoyment.
Every citizen of the county is invited to
be present. All soldiers, both of the
civil and the Spanish wars are especially
invited.

The Women's Relief Corps will furn-
ish one of their bountiful dinners for 25
cents.

Rocky mountain Tea should be one
of the toilet necessities of every lady of
social prominence in the land. Keeps
the face bright and sparkling. Smith's
Pharmacy, Kodak Agents.

TWO PLEASANT GATHERINGS

Party in Honor of Miss Elizabeth Camp-
bell.—Mr. and Mrs. Bidwell Entertain.

The home of Mrs. Con. McDonald
was the scene of a very pleasant affair
last evening. The hostess entertained
several friends at tea. A very palatable
supper was served and the occasion was
one enjoyed immensely by all present.
The affair was in honor of Miss Eliza-
beth Campbell, of Milwaukee, who is
Mrs. McDonald's guest.

Yesterday afternoon was pleasantly
passed by a party of thirty at the home
of Mr. and Mrs. Theodore Bidwell, on
river road north of the city. Those
present were mostly members of Laurel
Lodge No. 2, D. of H., and families and
in spite of the storm all had a most en-
joyable time.

SECOND hand furnace at Lowell's.

GIVE THE CHILDREN A DRINK

called Grain-O. It is a delicious, appetizing,
nourishing food drink to take the place of col-
fee. Sold by all grocers and liked by all who
have used it because when properly prepared
it tastes like the finest coffee but is free from
all its injurious properties. Grain-O aids diges-
tion and strengthens the nervous. It is not a
stimulant but a health builder, and children
as well as adults, can drink it with great ben-
efit; costs about 1/2 as much as coffee. 15 and 25c

A GANG OF FORTY
TOUGHS AT BELOIT

A HARD CROWD INFESTS THE
"WILLOWS" THERE.

Policemen and Patrol Wagon at the
Line City Are Kept on the Move—
Girl Assaulted by a Drunken
Brother—Ali Baba's Thieves Were
No Tougher.

The Beloit Daily Free Press has the
following to say of the toughs that in-
fest the Willows south of that city, also
of the police pick-ups there:

Ali Baba's famous forty thieves were
not a harder gang than the forty
toughs now encamped in the willows
just over the Illinois state line. Marshal
Appleby says they are the toughest lot
that has gathered there for a long time
and several noted criminals are among
the number. One of the gang went to
the home of ex-Deputy Sheriff Tully yester-
day and grossly insulted his wife.
Mr. Tully, although very sick, drove the
fellow away with a club. Others in that
neighborhood have been much annoyed,
but the police of this city are powerless
to aid them.

Nine kegs of beer were consumed yester-
day by the crowd. They seemed to
have plenty of money.

A thresher named Kemmerer found a
case containing thirteen heavy tan shoes
in a shack of rye on the Wooster farm,
near Beloit Junction yesterday. They
had evidently been stolen from the St.
Paul road and the bums in the willows
were suspected.

Makes Assault on Sister

Charles Dever, well known about
town, went to his home on Wadsworth
avenue yesterday evening very much
under the influence of liquor. His sis-
ter Lillian, was sitting at the supper
table reading the evening paper, and be-
cause she refused to let him have the
paper he snatched it at her. She suc-
ceeded in dodging the missile and he
then began to beat the girl. Other mem-
bers interfered and the police were sum-
moned. Officers Appleby and Whipple
drove the patrol over and arrested the
young man for assault. A night in the
city jail had the effect of sobering him
up, and in police court this morning he
pleaded guilty and Judge Booth sen-
tenced him to 30 days in the county jail.
Dever is but 20 years of age and was an
inmate of the state reformatory until
two years ago. Marshal Appleby will
endeavor to have him sent back to Wau-
kesha.

Scheibel Cleans Up a Crowd

The police were informed yesterday
afternoon that three men were disor-
derly in the vicinity of Third street.
Officer Scheibel went out to see what
the trouble was, and when he appeared
one of the men disappeared. The other
two, whom Rhoda says were Shopiere
toughs, showed fight and one of them
said: "Oh I can lick two such men as
you." Rhoda did not like such remarks,
so he started in on the couple. A few
stiff jabs sent both away on the run and
it is not likely that either of them will
again oppose a Beloit officer.

Wall Wright, who was released from
jail Tuesday after serving a thirty-day
sentence, was again arrested yesterday
for drunkenness and Judge Booth re-
peated the dose.

"The Laborer is
Worthy of His Hire."

But a wage-earner can
get more for his personal ser-
vices if in strong and vigorous
health. The blood is the
life-giving and strength-mak-
ing part of the system. If it
is pure, all is well; if not, it
should be purified with
Hood's Sarsaparilla, which
makes the weak strong.

Can Eat—"Was tired out, had no
appetite, until I took Hood's Sarsaparilla.
It built me right up and I can eat heart-
ily."—Elia M. Hager, Athol, Mass.

Hood's Sarsaparilla
Never Disappoints

Hood's Pills cure liver ills; the non-irritating and
only enthralling to take with Hood's Sarsaparilla.

build the house
around the
bath room.

SOME PEOPLE
say, The modern idea
in building is to have
the bath room and plum-
bing convenient and nice,
if you are obliged to cut off
on something else.
That Double
System of
Plumbing.....
we are putting in many
houses, is a convenience
well worth looking into. It
can be placed in any house.
With it you have soft wa-
ter for the bath and lava-
tory purposes and with the
turning of a valve you can run city water
through the pipes. A motor elevates the
soft water automatically. We would be
pleased to explain it more fully to you.

THIS DAY IN HISTORY.

1577—Sir Thomas Smith, distinguished scholar
and author of "The English Commonwealth,"
died.
1576—Philip, originally Metacomb, famous In-
dian warrior, was killed near Mount Hope,
R. I.
1744—Rev. Rowland Hill, preacher and reformer,
born in Somersetshire, England; died 1833.
1774—Robert Southey, poet, born; died 1843.
1845—Albert Gallatin, statesman and financier,
died at Astoria, N. Y.; born in Switzerland
1761.
1885—Helen Hunt Jackson, poet and author, died
in San Francisco; born 1833.
1921—James Russell Lowell died at Cambridge,
Mass.; born there 1819.
1895—Lucien Napoleon Bonaparte Wyse, French
explorer and engineer, died in Paris.
1896—Peace protocol formally signed at Washing-
ton. Ratification of the annexation of Ha-
waii and raising of the American flag. Rear
Admiral William A. Kirkland, U. S. N., re-
tired, died at the Mare Island navy yard,
California, born 1836.

A UNIQUE MISSION.

Professor D. A. Kent, the
man whom
Secretary Wil-
son has sent
to Turkey at
the request of
the sultan.

who wants his subjects taught the
latest and best agricultural prin-
ciples, is a man well fitted for the job.
He understands both the theory and
practice of farming. He can run a
farm on scientific methods and make
it pay, which, after all, is the hardest
kind of a test.

Professor Kent was associated with
Secretary Wilson in the work of re-
organizing the Iowa State Agricultural
college. These men placed that institu-
tion in the front rank of agricultural
schools and then handed it over to other
competent men, who have found it
easy to maintain its growth. Professor
Kent is apt as a teacher, ready as a
lecturer on all agricultural subjects
and is recognized as one of the fore-
most writers in the journals of agri-
culture.

Turkey is evidently trying to catch
up with the march of progress. Model
schools of agriculture are being es-
tablished in which the theory of sci-

PROFESSOR D. A. KENT.

entific cultivation is being taught, and
immense experimental farms have
been formed in various parts of the
country for the purpose of affording
the peasantry and cultivators gener-
ally practical examples of the appli-
cation of these theories.

The fact that the Turkish govern-
ment has come to the United States
for a man to aid in the upbuilding of
her agricultural system is at once a
high compliment to our methods. The
Turkish people have seen the wonder-
ful mechanism of our agricultural ma-
chinery at the national fairs. They
have seen the startling figures in our
agricultural exports, and they pay us
the respect of an admiring nation by
asking of us a teacher in agriculture.

Promising Young Men.

There are a great many promising
young men in Nauvoo. Some who
promise to liquidate their bills when
the collector calls again; some who
promise to reform; some who promise
to get married, and some promise to
end up in the penitentiary if they don't
mend their ways.—Nauvoo Rustler.

WITH THE HUMORIST.

"I see they have a chemical over in
Germany that is called dyathylglycol-
limidoorybenzoesauremethylester."
"Gee, I'd hate to go after a dose of
that for a man whose life depended up-
on having it in a hurry."—Chicago
Daily News.

"Ralph, when you write to our Harry
in Manila don't you say a word about
strawberry shortcakes."

"Why not?"
"You know very well it might inspire
him to mutiny and come home."—Chi-
cago Record.

The Doctor—Take the nice medicine
now, Johnny, like a good little boy.
The Sick Boy—Take away your
damned old medicine! It's nasty!

The Doctor—Madam, you can go and
sleep now. Your boy is entirely out of
danger.—Chicago Tribune.

"It is said that a full-grown elephant
can carry a load of two tons."

"Yes, and even then he probably
wouldn't wobble as much as you did
under the load you carried when you
started for home last night."—Chicago
Daily News.

CLEAN UP sale of perishable fruit and
vegetables after 8 o'clock tonight. San-
born.

SUNDAY SERMON SUBJECTS.

First M. E. Church—Morning service
at 10:30. Rev. Thomas Potter of Allen
Grove will preach. The union service
will be held in this church in the even-
ing at 7:30. Rev. E. H. Pence will
preach. Rev. Potter is an honored su-
perannuated minister of the Wisconsin
conference. His many friends in this
city will be delighted to meet him and
again hear him preach. Sunday school
12 m. Epworth League 6:30 p. m.

Mary Kimball Mission—106 South
Jackson street. Preaching at 10:30
o'clock a. m. and 7:30 p. m. Sunday
school at 2 p. m. Meetings Wednesday,
Thursday and Friday evenings. There
will be an open air service Wednesday
evening, August 16. Should it rain,
service will be held in the chapel. Every-
body welcome.

Presbyterian Church—Morning wor-
ship at 10:30 o'clock. Sermon by the
pastor, Edward H. Pence. Subject,
"Greatness and Its Sacrifices." Union
service in the evening at the First M. E.
church. Sermon by the Rev. E. H.
Pence. Subject, "The Kingliness of
Christ."

First Church of Christ—Scientists—
Services are held in Columbia hall, cor-
ner W. Milwaukee and Jackson street
Sunday at 10:30 a. m. and Wednesday
at 7:45 p. m. Sunday subject, "Mind."
Sunday School immediately after morn-
ing service. All are welcome.

St. Patrick's Church—First mass
7:00 a. m.; second mass, 8:30 a. m.;
third mass, 10:00 a. m. Vespers and
benediction 7:30 p. m. Rev. Eugene M.
McGuinnity, dean; Rev. J. J. Collins,
assistant.

THE case of the state against E. Cal-
dow came up in the municipal court this
afternoon. The case was dismissed, it
being announced that a settlement had
been made, with a \$150 award.

St. Mary's Church—First mass, 8:30 a.
m.; second mass, 10:30 a. m.; evening
devotion, 7:30 p. m.; Sunday school, 9
a. m. Rev. Wm. A. Goebel, pastor.

Trinity Church—Eleventh Sunday
after Trinity; 10:30 a. m. Matins, Lit-
any and sermon; 12 m. Sunday school;
7:30 p. m. choral evensong.

Norwegian Lutheran Church—Serv-
ices at 10:30 a. m. Services in English
by the pastor O. J. Kvale.

Money and Coffee.

There is an opportunity for you to
save a considerable amount of
money on coffee if you will look
into the merits of the lines we
are advancing. Old Dutch Java
O. G. for instance is a rare coffee
of the regular 35 cent grade, has
all the flavor and aroma that
causes people to invest in 35 or
38 cent pound coffee and it sells at 25
cents pound. Then there is a "National
Blend" an article that sells always at
30 cents pound we sell it at 20 cents
pound; Square Brand, fancy Java and
Mocha, a regular 35 cent coffee that
goes here at our store for 30 cents
pound. Javanese that old stand by a
coffee that gives better satisfaction to
people who have been in the habit of
paying fancy coffee prices than any
coffee on the market, sells at 10 cents
pound. If you really wish to secure a
coffee as good as any 35 cent article
try one of the above brands. Sanborn.

The Dolls of the Wisconsin.

The Chicago, Milwaukee & St. Paul
Ry. have arranged for cheap excursions
to Kilbourn, to enable everyone to see
the wonders of the Dolls. The excursion
tickets cover the steamer ride on the
river. A special train will leave Janes-
ville at 7:30 a. m. Friday, August 25,
and returning will leave Kilbourn at
6:30 p. m. Take advantage of this op-
portunity for an enjoyable trip. Rate,
\$2.

Clean-Up Sale Tonight.

After 8 o'clock tonight,
we will sell all perishable fruit
and vegetables at clean-up sale
prices. We received this morn-
ing a very complete supply of
fruit of all kinds and an espe-
cially large lot of peaches. All these
goods that are not sold at 8 o'clock go
at clean-up sale figures. We will not
carry them over Sunday. Sanborn.

RAIN MAKING ON THE ALPS.

An Experiment That Failed in Texas

Has Been Successful in Austria.

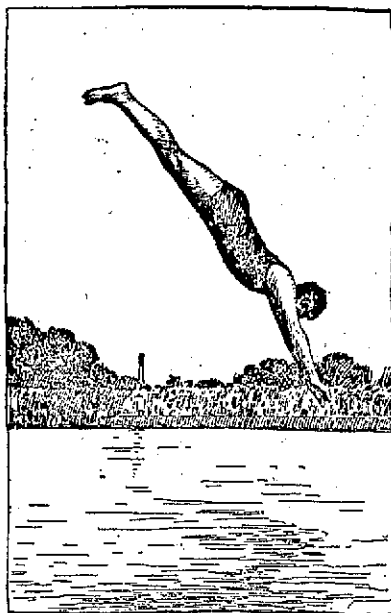

The failure of American rainmakers
has been followed by unqualified suc-
cess in the Austrian Alps. There the
problem was not the same as in Texas,
for instance, where out of a cloudless
sky an attempt was made to extract
rain. In this section of the Alps there
are always plenty of clouds, but unfor-
tunately for those living here the rain
freezes and comes down in the shape
of hail, causing great damage. The
problem, then, was merely to split the
clouds as they formed and before they
had time to freeze, causing the proper
precipitation of rain instead of hail.
Since 1896 the experiment of shooting
at the clouds with large mortars set up
perpendicularly on the mountain has
been made and with uniform success.
All of the neighboring districts have
suffered from the usual hail storms,
but in this place, Feistritz, there has
been nothing but rain. The mortar is
fastened firmly to an oak block. The
funnel is about six feet high. The load
used is only seventy-five grains of pow-
der, and this costs but five cents. As
the mortar is fired a long rolling echo
follows, and after a few minutes the
clouds discharge their moisture in the
shape of gentle showers. In this way
the crops planted in the valley are
helped instead of being broken down
by the hail, and the cost is trifling.
The success of these experiments has
aroused widespread interest, and per-
haps the weather sharps will be able
to learn how to gather the clouds,
since the problem of making them dis-
charge their contents may be consid-
ered solved.

ENGLAND'S BEST DIVER.

He Has Won the National Champion-
ship For the Fourth Time.

Here is a picture of the most grace-
ful diver in all England. It was made
from a snap shot of the diver just as
he was plunging down toward the wa-
ter.

The gentleman who has gained this
distinction is Mr. H. S. Martin. He
was one of 23 competitors entered for
the national graceful diving contest
held recently at Highgate, London,
under the auspices of the British Life
Saving society. Mr. Martin won the
first prize. He has captured honors in

H. S. MARTIN DIVING.

(From a photograph.)
this line before, having been awarded
the Challenge Shield for diving and
swimming in 1895, 1896 and 1898.

The plunge was taken from the var-
ying heights of 3, 15 and 30 feet. Mr.
Martin belongs to the St. James Swim-
ming club, Mr. A. Fotheringham, who
took second prize, to the London Swim-
ming club, and Mr. S. Ross, third
prize, to the Grosvenor Swimming
club.

Swimming and diving are but little
noticed among the sports on this side
of the water. Contests similar to those
at Highgate are occasionally held,
however, in the pools of our larger
athletic clubs and always prove at-
tractive and interesting. It is quite
likely that their popularity is on the
increase.

WITH THE HUMORIST.

"At least," soothingly remarked his
wife, "you have the satisfaction of
knowing you have done your duty to
your constituents and your country."

"Yes," bitterly responded the states-
man, "and never a junket—never a hol-
iday excursion! When there's a nice
fat little senatorial investigation or-
dered somebody else always gets it!"
"Shall I speak to your father?" he
asked after she had made the usual
promise.

"You may if you wish," she replied,
"but if you want the matter settled I
would advise you to see mamma."—Chi-
cago Post.

Miss Prism—Don't let your dog bite
me, little boy.
Boy—He won't bite, ma'am.
Miss Prism—But he is showing his
teeth.

Boy (with pride)—Certainly he is,
ma'am; and if you had good teeth as
he has you'd show 'em, too.—Chicago
Daily News

Cherry Holly Paly.

Make a dough same as for baking
powder biscuit and roll it into a thin,
oblong sheet. Drain two cupfuls of
pitted cherries, spread them evenly
over the top of the dough, leaving an
inch wide space along each side. Sprin-
kle a cupful of sugar over the fruit,
sift one tablespoonful of cornstarch or
flour over this and form into a roll like
jelly cake. Wrap a muslin cloth a lit-
tle larger than the dumpling out of hot
water, flour the inside, wrap it around
the roll and baste closely together. Set
a plate in a kettle, lay the dumpling on
it, cover deeply with boiling water and
boil steadily for 1 1/2 hours. Do not un-
cover the kettle except toward the last
to see if more water is needed. Serve
hot, with a sauce made of one heaping
cupful of sugar and one-third of a cupful
of butter beaten to a light cream.
Just before serving flavor with lemon
and whip in the white of two eggs
beaten to a stiff froth.

WANTED, LOST, ETC.

FOR RENT—House and barn, 211 North Jack-
son street. Enquire of F. S. Baines.

FOR RENT—Two furnished rooms, 107 South
Jackson street.

FOR SALE—Corner lot 114 front by 95 feet
deep on St. Paul track two blocks from
passenger depot. Fine central location for a
tobacco warehouse. D. Conger, Room 12 Cor-
ner Block.

A 100-candle power light for 6 hours for 1
cent. Makes its own gas. Cheapest, strong-
est, simplest, safest, latest. Responsible agents
wanted. No fakirs. A. Mohr, Milwaukee.

FOR RENT, Aug. 28—House of 8 rooms, store
room and bath, 57 Terrace street.

WANTED—Girl for general housework in
small family. Inquire at No. 6 East Mil-
waukee street.

WANTED—Competent girl for general
housework. Inquire Mrs. Wm. Rieger.

Hoffmaster & Son, No. 18 South Main St.,
after Sept. 1, 1899. George Hanthorn, Special
Administrator.

FOR RENT—Flat in Waverly block. Steam
heat, bath room, etc., and gas range. Ap-
ply to F. L. Stevens, P. O. Block.

NICE flat for rent. Enquire at Holmstedt's
drugstore.

STATE OF WISCONSIN—County Court for
Rock County—In Probate.

Notice is hereby given that at a regular term
of the County Court to be held at and for
said county, at the Court House, in the city of
Janesville, in said County, on the 1st Tuesday,
being the 5th day of Sept., 1899, at 9 o'clock
a. m., the following matter will be heard and
considered:

The application of Frank Cummings to
admit to probate the last will and testament
of Elizabeth C. Cummings, late of the city of
San Francisco, state of California, deceased.
Dated August 12, 1899.

By the Court,
J. W. SALE,
County Judge.

sataug12dw

Shapely
Married Women

ment prepares the body for the strain upon it, and preserves
the symmetry of form. MOTHER'S FRIEND also obviates
all the danger of child-birth, and carries the expectant
mother safely through this critical period without pain. It is woman's
greatest blessing, and thousands gratefully tell of the great good
it has done them. Sold by all druggists at \$1.00 per bottle.
Our little book, telling all about this great remedy, will be sent
free to any address by THE BRADFIELD REGULATOR COMPANY,
Atlanta, Georgia.

Every woman covets a shapely, pretty figure, and
many of them deplore the loss of their girlish forms
after marriage. The bearing of children is very
destructive to the mother's shapeliness. This can
be avoided, however, by the use of MOTHER'S
FRIEND. As soon as a
baby comes, as this
scientific in-

shoes and Oxfords that can't help but interest you
if you are inclined to purchase. Remember we have no old goods to
palm off on you. All of them are fresh, clean and up-to-date.
Special reductions on boy's and children's tan goods at 50c, 75c, 98c.

See What we Have to Offer You Before You Buy.

We mean to get your trade if prices and square
dealing will get it.

AMOS REHBERG & CO

THE BREAD OF
YOUR ANCESTORS

was made with much labor. The wheat was
pounded and ground into flour by hand and the
bread was black and heavy. It was healthful
bread though, had all the good elements of the
wheat berry.

Eureka Bread is not only healthful but it is also pearly
white, it is made as pure as experience, modern
methods and high class material can make it.

Eureka Bread does not dry out as quick as other bak-
ery bread.

Eureka Whole Wheat Bread

is a thoroughly good article. Some people prefer it to
patent flour bread and it certainly has merit—the best
of whole wheat bread. Ask your grocer for Eureka
Bakery goods or get them of the wagons.

RECORDS BROKEN BY TOBACCO SALE

A PHILADELPHIA FIRM ENGINS
EERS A LARGE DEAL.

T. B. Earle of Edgerton, Handled the Wisconsin End of the Sale—A Million Dollars Involved—Nine Hundred Freight Cars Required To Move the 25,000 Cases.

A sale of leaf tobacco which for magnitude has never been equaled in the history of the tobacco trade in this country has just been completed in the city of Philadelphia. It involves the exchange of 25,000 cases of tobacco at a cost of about \$1,000,000. So great is the transaction that when the report of it first became public, men who have spent the last half century in the buying and selling of tobacco were not inclined to believe it. During their long careers they could recall sales of six, seven and eight or possibly ten thousand cases, but never a sale of this magnitude. But developments have proved the truth of the story beyond a doubt, and their doubt has now given place to amazement.

T. B. Earle handles Wisconsin End of the Sale. T. B. Earle of Edgerton, is the Wisconsin representative of the firm of L. Bamberger & Co. of Philadelphia, which made the sale and was instrumental in engineering the Wisconsin end of the sale. Mr. Earle has been with this firm for the past twenty years.

A Philadelphia paper says the "firm of L. Bamberger & Co. is the one which has made the sale, and the American Tobacco Company, the recently formed trust, which has its headquarters in New York, is the purchaser. When questioned this afternoon about the transaction the Bambergers did not care to discuss it in any way, apparently feeling that publicity concerning it should come from the purchasers. The details, however, were obtained elsewhere."

Banner Year For Leaf Trade. "The sale will make the year 1899 a banner one for the leaf trade in Philadelphia, and gives the local men a chance to crow over the New York dealers, with whom there is much rivalry in the way of business."

Of the 25,000 cases somewhat more than half are made up of the Wisconsin leaf of the '97 and '98 crop. The balance comes from various tobacco growing districts, and is distributed in warehouses throughout the country. Tobacco such as this is sold by the pound. The price paid is, of course, a matter known only to the purchaser and seller, but it was somewhat between ten and twelve cents per pound. Some idea of the importance of the transaction may be gleaned from the statement that a million dollars' worth of business is as much as half a dozen or more ordinarily prosperous leaf firms put together will do in one year.

Would Require 900 Cars. "Attached to the transfer of the tobacco is a vast amount of physical labor. Each case contains from 320 to 350 pounds of tobacco, and the average freight car will hold only about fifty of these cases. So that if all these 25,000 cases containing their total of 8,000,000 to 9,000,000 pounds of tobacco should be moved at one time the railroad company executing the contract would be required to press about 900 cars into service. But for this work it will cost the American Tobacco company, at the lowest rates, about \$30,000 in freight charges."

"Then, too, Bamberger & Co. had their share of work for the making out of the bills was no child's play. The customs in vogue in tobacco transfers require that there shall be several entries for each case. First, the kind of tobacco must be specified, then the number of the case given, together with the marked weight, the tare or weight of the box, and the net weight. So to make 25,000 of these entries required an immense amount of writing, and though a large force of expert typewriters were put at work on it, it took them three days to finish their task."

"The sale has not yet ceased to be a nine days' wonder, nor is it likely to be ever forgotten in the annals of the tobacco trade."

TWO GOLF PRIZES ARE UP

Competition For a Silver Stein Tuesday, and For Richardson Trophy Later

Golfers have two prize events to stimulate interest during the remainder of August. The medal play for the Richardson trophy has been completed and the match play will begin Monday, Aug. 21. On that evening the Imperial band will give a concert on the club house porch.

Next Tuesday afternoon there will be a match for a handsome silver stein presented by Stanley D. Tallman. The match will be eighteen holes, medal play, and will be a handicap match. The play will commence at 2 p. m. All members are expected to compete. There will be a picnic supper in the evening and dancing in the club house. The party in the evening will be for the members of the Mississippi Golf club and the Country club.

A week from Monday evening, when the band concert is given supper will be served by the club, instead of the usual basket picnic. A small charge will be made to defray expenses.

At the request of many beginners, arrangements have been made to provide instruction in the game Monday afternoons, and perhaps oftener. A volunteer committee from the club will be on hand next Monday afternoon and all who desire are invited to be present.

And we might add that it would be well to place your order for coal now unless you have money to burn. F. A. Taylor & Co.

MENU FOR SUNDAY.

No is a fool who leaves a certainty for an uncertainty.—Heed.

BREAKFAST.
Berries, Melons.
Broiled Squabs, Bacon.
Water Cress, Potatoes au Gratin.
Rice, Walnuts, Coffee.

DINNER.
Olives, Radishes.
Soups a la Niçoise.
Poulet a la Richelieu.
Carottes Sautes, Pommes Noiges.
Salade Tomates and Lettuce, Creme Russe.
Cheese, Coffee, Peppermint Waters.

SOUP A LA NICOISE.—Make three quarts of chicken broth with an old fowl and cook in it half a pound of ham. In a separate saucepan cook in a very small new caraway seed (cut in quarters), two dozen little white onions, four white turnips (cut in lozenges), the white part of four leeks (cut in small rings), the inside of a green cabbage (cut thin) and the inside of a young lettuce (cut fine), each in separate pans. Chop the meat of the fowl small, mix it with the vegetables in a large saucepan, with a cupful of cooked rice, put in the turnips, and pour over the mixture the hot chicken broth (strained).
POULET A LA RICHELIEU.—Cook gently in a white broth a young chicken, if tender, an hour will be long enough. Make a white sauce of the chicken broth, fresh butter, salt and white pepper, a little nutmeg. Then put the chicken in this sauce and put it where it will keep hot, but not for 15 minutes. Toast some bread, and dip the slices in the sauce, lay them on a hot dish, put the chicken on these and a teaspoonful of lemon juice to the sauce, stir well in, reheat and pour over the chicken.
CHIEF RICH.—Take four whole eggs and the whites of four, mix six ounces of powdered sugar and half a pint of champagne, the juice of a lemon, a little of the sugar and pound this and add it to the other, an ounce of gelatin, dissolved. Mix, put over the fire and whip constantly for seven minutes while cooking. Let it cool, then pour in a cup of cold water and ice to thoroughly chill, but not freeze, and reverse on dish.
GAROTTES SAUTES.—Cook the carrots in a stock, slice, fry in butter, but only a light brown, take up in a hot dish, shake chopped parsley among them, then transfer to a smaller vessel, well heated.

JAMES A. FATHERS,
City Treasurer.

Dated, this 8th day of August, 1899.

ELECTRICAL STORM DOES MUCH DAMAGE

PASSED OVER THIS SECTION
LAST EVENING.

Caused Several Disastrous Fires on Farms About the City—Lightning Was Something Terrible—Gives Evidence That It Was Worse Than at First Supposed.

The severe electrical storm which passed over this section yesterday afternoon caused several disastrous fires on farms about the city and the hail and wind which accompanied it did great damage in the tobacco and corn fields, many of the crops being ruined by it.

The storm seemed to be in the north, south and east and it was in these directions that the greatest damage in the fields resulted. Four or five miles west of here it is reported that very little rain fell, but that the lightning was something terrible.

The house on the farm of Don O'Brien of this city, which is situated four miles west, was struck by a bolt and destroyed by fire with all its contents. The tenant was Chas. Ablett. Mrs. Ablett and the children were away from home on a visit and Mr. Ablett was at work in the tobacco field when the storm came up. He started for the barn to close the doors, but had not proceeded far when a vivid flash of lightning came, striking the farm house and setting it on fire.

He summoned the neighbors to assist him in saving as many of the household goods as possible, but the fire made such rapid progress that nothing was saved. The house and contents were valued at \$2,300 and were insured for \$1,200.

Thos. McCann, who resides at Mount Zion, east of the city, had his barn burned during the storm. It was struck by lightning and entirely destroyed, together with two horses and all the farm machinery. It is not known whether any insurance was carried or not.

Reports of the hail storm from different parts of the county, indicate that great damage was done to the tobacco crop, especially in the eastern section and in the town of La Prairie.

John Smith's crop of five acres, just outside the city, was cut considerably. The conductors of the C. and N. W. trains which came in from the south last night, report that the whole country was under water. One train which left Chicago yesterday afternoon was stopped by the storm about forty miles north of the city. The damage inside the city limits was slight, though in some places trees were blown down. The wind wrecked a portion of a tobacco shed belonging to Charles Wright on Milton avenue. Basements were flooded about the city and several gutters clogged up.

On the Robert McKay farm, six and one-half miles from here, in the town of Fulton, the tobacco crop was cut so badly that it is a question whether it will pay to handle it further or not.

Reports from the town of Porter are to the effect that it hailed for twenty minutes and that the damage done cannot be estimated at this writing. As this is right in the tobacco belt the loss will run well up into the thousands.

A peculiarity of the storm lies in the fact that while the most of the county suffered severely, the section between the town of Center line and this city did not sustain any damage to speak of. It is reported by the residents of the locality that the rain was only sufficient to lay the dust.

John Reed of La Prairie, had his tobacco crop damaged considerably by the hail.

The tobacco on the farm of Dr. Dudley at Barker's Corners was not injured at all, while on a farm near by, the leaves were cut almost clean from the stalks. Other crops in the vicinity were also ruined.

A barn on the farm of Alex. Hay in the town of Johnstown was struck by lightning and destroyed, together with a quantity of farm machinery and hay. The stock was gotten out safely.

EN ROUTE TO CAMP M'ARTHUR

Beloit and Monroe Companies Pass Through Janesville.

The C. M. & St. Paul depot had a martial look this morning, when Company E of Beloit, and Company H of Monroe, passed through the city on their way to the encampment of the first regiment at Camp MacArthur, formerly Camp Douglas. The Beloit company numbered fifty-one men in command of Captain Yeakel, and the Monroe company, commanded by Captain Durd, had sixty men on board.

Major D. A. Stearns, a battalion commander, was also with the Monroe company. Major and Regimental Surgeon Jos. B. Whiting of this city, joined the soldiers here and will attend the week's encampment which ends Friday, Aug. 18th.

The first regiment as now made up consists of twelve companies, five of which are from Milwaukee and one each from Kenosha, Oconomowoc, Fort Atkinson, Whitewater, Monroe, Beloit and Madison.

ENJOYED A PLEASANT EVENING

Miss Alice Harper Entertained Friends Last Evening.

Last evening Miss Alice Harper very pleasantly entertained a number of her friends at her home on Milwaukee avenue. The evening was enjoyed in amusements of various kinds, after which refreshments were served. SHERIFF W. H. Appleby went to Lake Mills yesterday where he will join his family, who are in camp there. He will return Monday.

MARK McNAMARA and Charles Tallman are making the rounds of the adjacent summer resorts for a week. They are traveling with horse and buggy.

Mr. and Mrs. Orion Sutherland left for Chicago this morning at 9:35. From there they go to Cumberland, Maryland, to visit their daughter, Mrs. Wm. K. Shattuck. Mrs. Sutherland will be absent some time.

Mrs. Frank D. Kimball and daughter, Retta, left yesterday for a two weeks' visit with relatives in the east. They will visit in Providence, R. I., Boston and Fall River, Mass. Mr. Kimball accompanied them as far as Chicago.

SPECIAL game warden S. D. Fisher of Brodhead, was in the city for a short time today. He was on his way to Babcock, Wis., where it is reported that prairie chickens are being shot in violation of the game laws. Mr. Fisher is a conscientious officer who spares no one that he finds breaking the law. He recently arrested one of his relatives for using a seine near Brodhead. He has arrested seventeen men since March, fifteen of whom paid their fines. The other two served time.

WAS A WEEK OF SENSATIONS

Much Excitement at Brodhead—Janesville Couple Married.

Brodhead, Aug. 12.—[Special].—This has been an exciting week at Brodhead. The first excitement was enacted, when, it is alleged, James Babbler's attentions to a married lady became obnoxious and one of the neighbors was called and ejected him from the premises, which resulted in airing the grievances in court. The case was decided in favor of the plaintiff. Then three of our young men, Archie Fleck, Ord Bucher and Dat. Hartman, were placed under arrest charged with picking the pockets of Mr. Henry. Their trial was continued until the 16th of the month. Burnette Peschel and Miss Mary Schultz, of Janesville, were united in marriage Wednesday evening at 6 o'clock, by Rev. Father Smith. A Mr. Lovering of Toronto, Canada, and Miss Myrtle Brice were married Thursday. The wedding was a very quiet affair, only a few of the relatives and friends being present. The ceremony was performed by Rev. Horton of this place. The happy couple left for Canada, where they will reside. The race between horses owned by Andrew Quee and Wm. Strauser, resulted in a victory for the former. A trick bicycle rider gave a performance on the streets last Thursday evening. The feats he performed were marvellous. Miss Crissie Baker, Mrs. Annie Carbutt, Mrs. James Moe and Miss Ella Moe were visitors at Mr. and Mrs. Hopkins, Wednesday and Thursday. Mrs. J. M. Barrett is visiting her sister, Mrs. Frank Hoffman. Saturday night concerts by the band will be discontinued until the weather gets cooler. The barn under construction for Father Smith, by Fred Knoll, is progressing rapidly. It will be a fine structure. It is Father Smith's own design, and anyone would do well to see it and pattern after it, as it has all the modern improvements. The Woodmen picnic will be held John Alexander's grove at Oakley, Tuesday. Good music, speaking and all kinds of sport will be the order of the day. A dance will be given at night at the Oakley hall, under the management of the Woodmen. Music for the dance will be furnished by Ballou & Clemens orchestra, which will insure a good time as their music is always appreciated. Prof. J. M. Barrett is getting the Spring Grove band in fine shape.

Rev. W. W. Woodside will preach and conduct quarterly meeting services at Footville, Plymouth, and Orfordville, tomorrow.

LIGHTNING KILLS A BARABOO YOUNG MAN

FRANK M. STICKNEY A VICTIM
OF YESTERDAY'S STORM.

In the Employ of the Chicago & Northwestern Road as Civil Engineer—Fatality Occurred While at Work with a Crew on the Afton Branch—Body Shipped.

Yesterday's severe storm was the cause of a sad fatality and ended the life of Frank M. Stickney, a young man seventeen years of age, whose home is at Baraboo, Wis.

Mr. Stickney was in the employ of the Chicago & Northwestern Railway company as a civil engineer. With a surveying party and a gang of section men he was engaged in straightening a curve on the Afton branch of that road near the late M. M. Phelps' dairy farm in the vicinity of the soap factory. When the storm broke the crews of men went into the canoes. Stickney made the remark that he would go back and get an ax that had been left. A little later the party pulled down to Afton, supposing that the young man was safe on the work train and did not miss him until the station was reached.

Later, the dead body of Stickney was discovered by section men lying in a ditch, some twenty feet from the track. They immediately sent word to the city and the fire patrol was sent to the scene, accompanied by several of the fire police. The body was brought to the undertaking establishment of W. E. Ashcraft, Dr. George W. Fifield and E. H. Woods, local surgeons of the railway company were called.

An examination of the body was made which showed that the bolt struck young Stickney on the left side of the head. The hair was singed but the scalp was not burned. From there it went down his breast. It then followed his watch chain to the watch, which was broken, stopping at thirteen minutes to four o'clock. The bolt then followed a key chain which he wore to the left side hip pocket. The flesh near where the keys were carried, was burned badly and the chain broken in many small pieces. It then followed down his limbs to his shoes, which were torn to many pieces. The clothing was torn into shreds, but aside from the burn spoken of, there was no other mark, excepting that the flesh on his breast was discolored.

The unfortunate young man was an associate member of the Y. M. C. A. and carried a membership card in his pocket at the time of his death. Three members of the association came down from Baraboo on the 4:20 train this morning and returned north with the remains at 6:10 a. m.

The deceased leaves a widowed mother and a sister.

He was a nephew of R. F. Reaver, assistant general passenger agent of the Philadelphia & Reading railway. The funeral will be held from the home in Baraboo, Sunday afternoon.

The management of the base ball team are making a number of improvements at Athletic park, preparatory to the great game Wednesday of next week.

Can You Make A Wrapper For 69c? ? ?

The question is answered, soon as you see these light lawn and dimity Wrappers with 72-inch flounces and frills over the shoulders. You could not buy the material for the material for the price, say nothing about making them up. They have very full width skirts, are high in the neck and are the very article for house wear. A cool dress and a good looking one as well for a trifling cost. Of course we have them with extra trimmings and better quality material up as high as \$2.50. Our Wrapper stock is complete in every way. Not a person who cannot fit perfectly.

Summer Waists for Boys

Stripe Worsteds Will Be Worn.

This fall and winter the prevailing patterns for suitings will be stripe worsteds. I have already received 500 samples of these goods and can help you pick out the goods for a suit. It does not necessarily imply that I expect you to buy now but you can form an idea of what will be proper for fall, and I shall be more than pleased to show you the samples and make any suggestions.

HERMAN ZANDER. With Janesville Clothing Co. North window. I guarantee every garment I make in very w.p.

TO WELCOME DEWEY HOME

New York Preparing For Him a Magnificent Triumphant Arch.
Brooklyn Has Another Immense Parade on
Land and Water.

BY ANDREW DOWNS.

As the date for the arrival of Admiral Dewey at the port of New York draws near the arrangements for his reception are taking concrete form, and the magnitude of the demonstration is definitely foreshadowed.

New York has had many notable ovations in honor of popular heroes, but its welcome to Dewey will surpass them all. Indeed, nothing on quite so large and grand a scale will have ever before been seen in this country. There will be two days of celebration, the first being set apart for a naval parade and the second for the ceremonies ashore.

It is estimated that more than 3,000,000 visitors will be added to the population of New York to greet the homecoming hero when he reaches the great Atlantic gateway in October. It goes without saying that the metropolis will be decorated as it never has been before, as the local enthusiasm over the coming event amounts almost to a mania.

Most beautiful and significant in the line of decoration will be the erection of a magnificent triumphal arch and colonnade in Madison square at the axis of Twenty-fourth street and Fifth avenue and an arch of welcome at Montague terrace, on Brooklyn Heights, overlooking the upper bay.

The arch and colonnade at Madison square will, in the opinion of the National Sculpture society, surpass anything that has before been realized for such a purpose in sculpture decoration. The scheme was carefully worked out and was submitted to the plan and scope committee of the celebration, at that committee's request, by a committee of the National Sculpture society, which includes the well known sculp-

York's importance as the country's commercial center.

The four piers, which will be formed, by the piercing of the great piers, are to form a series of allegorical subjects: Patriotism, which will be figured as the call to arms; War, which will represent the fight; The Return, picturing the homecoming of the victors, and Peace, where the volunteer soldiers will be shown taking up again their civil occupations.

Above these groups, on either side, the finials of the columns are to portray eight of the famous naval heroes of the country, whose names were selected by Secretary Long at the Sculpture society committee's request: John Paul Jones, for the war of the Revolution; Decatur, Hull, Perry and Macdonough of the war of 1812 and Farragut, Porter and Cushing of the civil war. These statues, standing high in the air, will be cast in heroic mold and will be from 10 to 12 feet in height.

Besides this work of triumph the plan includes the erection of a rostrum abutting upon the colonnade on its easterly side in the square between Twenty-third and Twenty-fourth streets, where Admiral Dewey, President McKinley, Governor Roosevelt and the mayor of the city, with such others as may properly be there, may review the parade. For the officials it is proposed to have on the rostrum a sedilla, in connection with which the coats of arms of the nation, state and city shall occupy their appropriate places over the seats of the representative officials. Also in connection with the rostrum it is planned to place a sculptural composition representing the greater city, with its five boroughs.

Opposite Fire Station.
Lawn Swings, \$6.00.

A Warm Proposition...

The unsophisticated think it foolish to talk of anything but refrigerators, ice cream freezers and ice tongs, but the wise ones know that the time is ripe for serious thoughts of coal bins and furnaces.

Furnace Repairs

should be made by all means this month, and if it is necessary to have a new heater installed, the furnace should be purchased and set in place at once.

Furnace Fires

are needed many times in September, and you may find that the work we speak of now will be delayed if put off until you most need it.

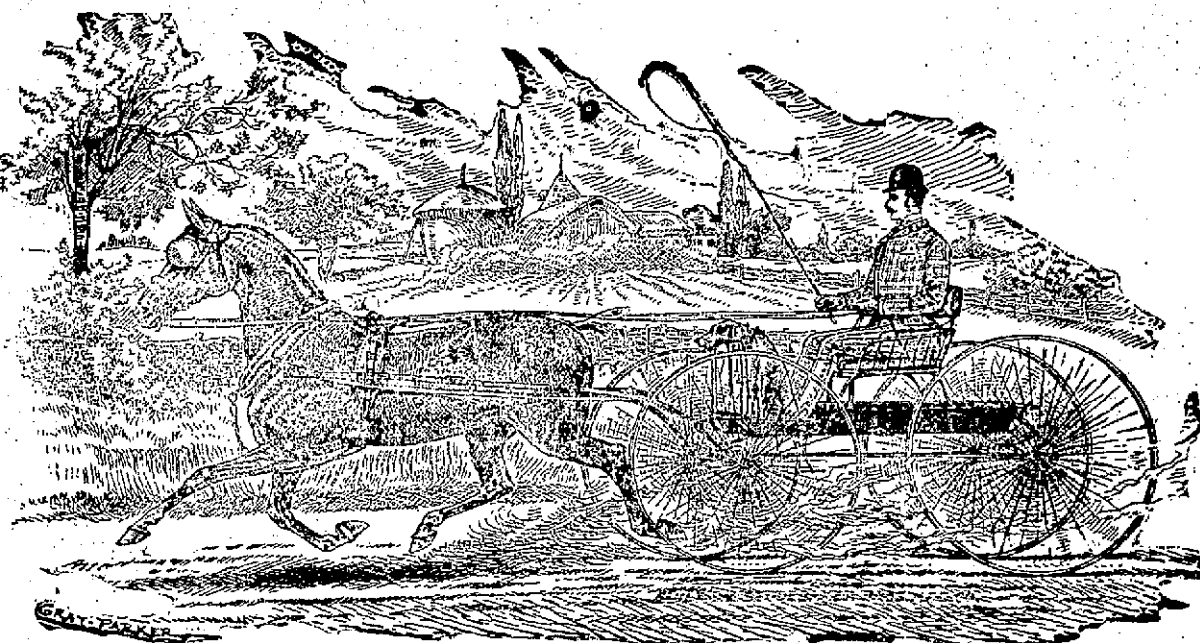

If you know your Furnace needs cleaning or repairing why not attend to it now? Our experts can do the work at once.

There are no better Furnaces made than the ones we sell. GILT EDGE—hundreds in use in Janesville. PERFECT—a medium priced furnace of worth. MAGEE—a Furnace that is coming to the front every day. Come and talk Furnace. We will make estimates any time.

LOWELL HARDWARE CO.

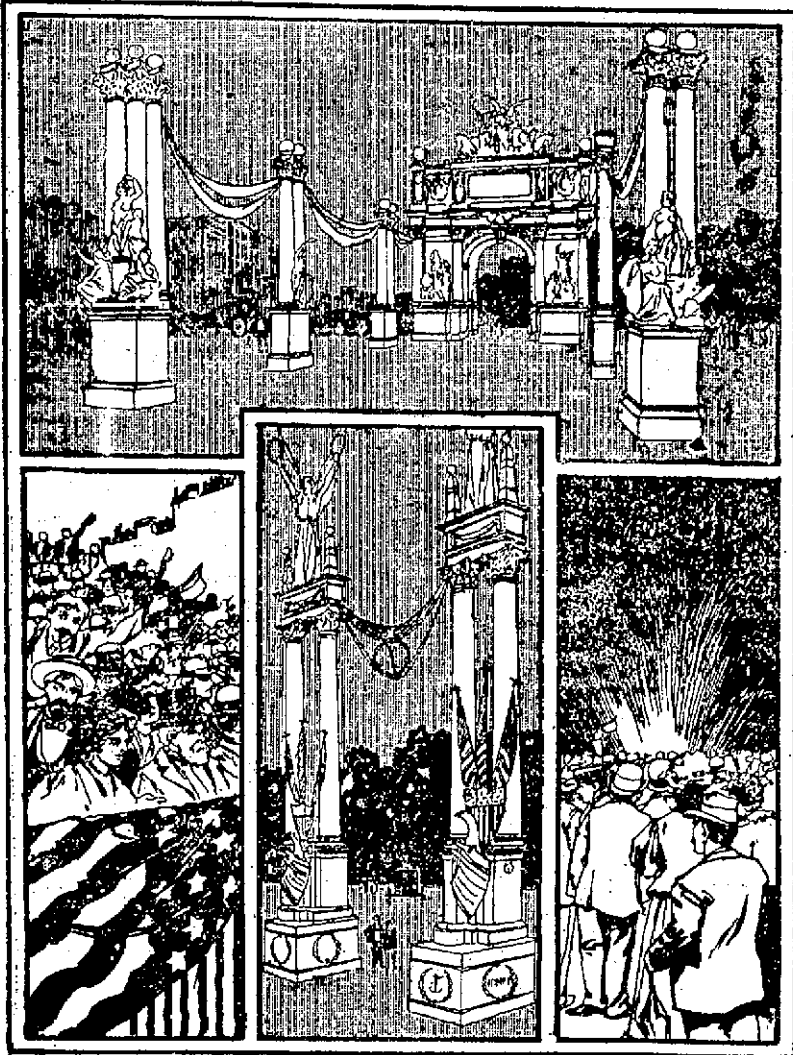

Buggy Tastes are Changing

The monotonous style of vehicle of a few years ago does not find place with the up-to-date buyer of today.

The demand for rigs of natty appearance increases each season. This year the swell turnouts combine comfort with style. The open runabout buggy with elliptic springs and rubber tires, or the top buggies with rubber tires, have a tendency to make the person who has no outfit a trifle envious. Handsome Buggies do not cost as much as you think for. Prices are reasonable and the rigs are the best.

F. A. TAYLOR & CO.

DEWEY ARCHES FOR NEW YORK AND BROOKLYN.

tors John Q. A. Ward, Karl Ritter and F. Wellington Ruckstuhl and an equally well known architect, Charles B. Lamb. In the construction of the work the services of between 20 and 30 sculptors will be required almost continuously until Oct. 1. Members of the National Sculpture society pledged their services gratis. The sculptors give not only their time and services, but much of the material of their part of the work, which is to be of "staff." The total cost of the structure to the celebration committee is to be not above \$10,000, a figure indicating not a twentieth part of what the arch, with its colonnade, will represent.

If the ordinary fees were charged by the sculptors, the arch and colonnade would cost nearly \$300,000.

While the present structure will be only temporary it is proposed that it will be later rebuilt of stone or bronze as a permanent memorial to the great naval hero.

The arch is to be on the general lines of the arch of Titus, in Rome, but having in effect four piers instead of two, the long piers being pierced through the sides, as in the case of the Arc de Triomphe, in Paris.

At one end of the colonnade subsidiary sculptural groups representing the army and the navy are to be placed and at the other end similar groups representative of the East and the West Indies. These, emphasizing the colonnade, will only enhance the effect of the arch itself, at which the main sculptural adornment will be focused or concentrated. The enrichment of the arch is to symbolize America's power as a maritime nation and New

The design for the arch at Montague terrace, on Brooklyn Heights, was also suggested by the committee of the National Sculpture society and will be constructed under its direction. The scheme is one of triumphal colonnades to be erected at either side of the roadway. At the bases of the pillars the names of Admiral Dewey's ships are to be woven around anchors and encircled by wreaths.

The indications are that there will be no hitch in the plans for welcoming the admiral. As the movements of the battleships may be regulated almost as carefully as those of railroad trains and as it is reasonably certain that Admiral Dewey will reach New York on schedule time, it is expected that he will pass inside Sandy Hook with the Olympia on the morning of Oct. 1.

The water parade first will go up the East river, so as to give the people of Brooklyn and Long Island City an opportunity to see it. It then will turn and round the Battery, and persons there will have the opportunity of seeing it twice. Then the parade will go up the North river, the Olympia, of course, holding the right of line, with the mayor's boat close alongside.

As for the land parade, it is expected that it will be something tremendous. The admiral will disembark and take breakfast with the mayor at Claremont. Then, escorted by the mayor, he will go to city hall, where the freedom of the city will be extended formally to him.

The admiral will then be conveyed to the arch erected in his honor in Madison square, where he will review the parade.

THE PLANKTON HOUSE MILWAUKEE.

The improvements in the Plankton house are now complete. We have now the most complete, comfortable and homelike hotel in the state. On the American plan our rates are \$2.50 per day and upward, and on the European plan \$1 per day and upward. The cafe which we have added to meet the new requirements is open from 6 a. m. to midnight on every day of the year. It has an independent staff, including a first-class chef. By a special arrangement we will spread a special cloth with a fixed menu for four or more people at any hour. There is a separate room in the cafe for ladies. We have also established a lunch room on the West Water street side, which is open from 6 a. m. to 7:30 p. m., where meals will be served quickly at popular prices. Tables are reserved for ladies. There is also a first-class Turkish bath establishment in connection with the house.

NEWEST ALASKAN GOLD CAMP.

Cape Nome, Where There is a
Prospect of Serious
Trouble.

BY JOHN F. WILLOUGHBY.

One of the most interesting and important of the new Alaska mining camps is Anvil City, in the Cape Nome region. It is on the coast about 100 miles above St. Michael's and of course in American territory. The Cape Nome district is interesting just now, not only on account of the gold discoveries there, but from the fact that it threatens to be the scene of one of the most serious disturbances which any of Alaska's boom towns have witnessed.

Gold seekers in the frozen north seem to have a hard time of it all around. In Canadian territory the mining laws discriminate against them. In American territory there appears to be much official corruption and a lax enforcement of mining regulations. This is what has caused the trouble at Anvil City, where a detachment of our meager military force in Alaska has been ordered.

When the first reports of gold discoveries at Cape Nome last fall reached St. Michael's and lower Yukon river points, there was a rush for locations until, before the spring, 1,000 claims had been staked, completely covering the creeks of a district 50 miles long and extending from salt water to the mountain tops, some miles away.

No work was done during the winter, owing to the absence of wood for burning purposes, so the reports which traveled up the Yukon and finally reached the states were based entirely upon rumored discoveries which there was no way to substantiate. This promiscuous locating of snow and ice fields seems to have been a thriving industry at St. Michael's, and it is said to be difficult to discover a clerk or other employee of any of the business concerns there who does not hold from one to a dozen claims. Every one seems to have been more or less affected by the fever, and the moneyed men

MAIN STREET OF ANVIL CITY, ALASKA.

of the place did a large business in sending others to the new diggings to locate claims by power of attorney.

Thus the United States commissioner, the commander of the military forces and such officials are credited with holding scores of claims without having even seen Cape Nome. These hundreds of cases of locating claims by power of attorney are now causing trouble, and if the real prospectors have their way not one of such locations will be allowed to hold.

The first definite information about the new camp was recently brought down by the steamer Bertha, the first boat to reach San Francisco from that point. Previously, however, had come wild rumors of a fabulously rich strike. Gold was first found in June, 1898, by six miners who left Golovin bay in a small boat to prospect on Sineok river. They discovered coarse gold on Anvil creek, but did not tarry to work the diggings. Later Dr. Kittleson, G. W. Price and J. S. Fornellensis, with others, returned and got out in a week \$17,12. Gold obliged them to desist, but in the course of weeks many more came in and endured much suffering from weather and hunger. Barely in May of this year Price shipped \$10,000 to St. Michael's.

Of course when these facts became known there was a stampede for Cape Nome from Dawson and other points. Many of the stampedeers left in disgust after looking over the situation, but others remained, and they built the canvas city on Anvil creek which is now the metropolis of the district.

Anvil City is what may be termed a "hot town" these days. Tents and skeleton frame buildings are the only kind so far erected. Lumber costs \$150 per 1,000 feet, and the working season is short. Dance halls, saloons and gambling dens are running full blast day and night.

Just how extensive the gold producing gravel is will not be known for some time. This season work is being done on several claims on Anvil creek and Snow gulch. These properties are producing from \$20 to \$300 a day per man. These figures are from the owners of the properties, however, and many old miners are inclined to be skeptical.

The country is a slate formation, carrying large quantities of quartz. The hillsides are rugged and rocky, and the creeks are narrow. Ground up quartz is plentiful in the streams, and some search for gold bearing ledges is going on. Men are also working claims on the beach, where they pan out good wages.

DISCOURAGED WOMEN

who desire to cure themselves at home can have the benefit of the advice of a regular practicing physician and specialist, without cost, by writing to Geo. C. Tallerday, M. D., 421 South State St., Belvidere, Ill. Dr. Tallerday has written in plain language, a little book for maids, wives and mothers, which he sends free in plain envelope.

Dr. Tallerday's Female Tonic

which can be obtained of all druggists at \$1.00 a bottle is a medicine which removes the cause of all female complaints, strengthening the different organs and restoring them to their natural healthy condition. It not only cures displacements, inflammation, leucorrhea, suppressed and painful menstruation, and has such a splendid general tonic effect that, taken for some time before confinement, it makes childbirth easy. It is a great aid to nursing mothers and restores the many sufferings of change of life. Taken as a Spring medicine it will give renewed strength and appetite and take away that terrible feeling of weight and lassitude. Mrs. Thelma Binder of 323 Wicker Park, Chicago, Ill., writes to Dr. Tallerday: "Your Female Tonic has done more good for me and my daughter than any remedy we have ever tried. Women who will try it cannot help but receive benefit."

FOR SALE.

60 acre farm, 5 1/2 miles from the city, well improved, at \$60 per acre. Two good farms only 5 1/2 miles northwest from the city of Beloit. Good soil, fine improvements. Will be sold at a bargain.

"How Would You Like to be the Ice Man?"

A comfortable feeling as you think of the ice man, but if you followed him up all day you would change your idea before night. The ice man would as soon take a vacation or a day off picnicking as the rest of us. Perhaps he is better entitled to it, because the ice man's life is not a happy one these hot days. But whether the ice man or yourself, if you do take a day or two off you don't want to forget the eatable end of the pleasure time. Well filled lunch baskets with well selected articles such as are found on our shelves make half the fun of camping.

YOU WILL FIND JUST WHAT YOU WANT HERE.
